CLEVER FRAME® WORLDWIDE

HUNDREDS OF PEOPLE WORKING
FOR THE SUCCESS OF THOUSANDS
OF CUSTOMERS.

ALWAYS ONE STEP AHEAD

Our offer is distinguished by non-standard, patented solutions supervised by a team of specialists - experienced designers, technologists, managers and customer advisors. Over the past years we have worked out our own style and solutions that have had a significant impact on Polish and European exhibitions. Our market position has been strengthened not only by unique idea of modular stands but also by our own professional facilities - design studio and production warehouse, thanks to which we are able to create personalized business solutions.

Clever Frame® is a system tailored to your expectations. With our help you can create functional promotional stands that highlight professional image of your brand while decreasing marketing costs.

Get to know our products. We will try to make you find what you are looking for.

CLEVER FRAME® / VALUES

MODULAR SALES SUPPORT ARCHITECTURE

These words define our mission. We deeply believe that the moment when the customer sees the final product for the first time is one of the most important stages of the entire sales process. This is when interest in the product is either generated or lost. We know how important the presentation of your product is. This is why it is our mission to help you create the most effective sales areas.

SALES SUPPORT

The design of the customer sales point is among many factors which impact the customers opinion of the product and finally their purchasing decision. That's why we focus all our efforts on making your spaces as presentable and effective as possible. Clever Frame® is the support for your sales.

MODULAR

Modularity is the core idea of our products. It allows for easy assembly, transportation and most importantly the ability to change the shape and use the system multiple times in various configurations. This generates considerable savings because you do not have to spend money on single use solutions.

ARCHITECTURE

A promotional, fair or event construction is not only a stand with a predefined shape, covered with an adequate layout. We understand it as architecture. It requires functionality, customer needs analysis and the right ergonomics. It has to attract attention and differ from its surroundings in an elegant way. Blurring the line between exhibiting and architecture is our next goal.

WHAT IS CLEVER FRAME®?

SWISS KNIFE OF MARKETING

Clever Frame® is a system of reusable aluminum frames, which – just like building blocks – can be connected to each other in any configuration. Thanks to interchangeable graphic panels and many accessories you can build effective promotional points, event constructions or even large fair stands. All of that in a short time, with no tools and amazingly intuitively.

We would like to present you a system that has been created to save your money. See how easily you can use it in your marketing.

Time is money, and your system is ready to use within minutes. Save a lot with the only promotional solution you will ever need.

Simple solution for special tasks. Easy to transport, build and maintain, but extremely powerful with endless possibilities.

Clever Frame® is the key to all of your promotional activities. One system, tens of functions, hundreds of configurations.

Blazingly fast assembly and disassembly with no tools, technical knowledge or expensive mounting crews.

Blocks for grown-ups allow you to reuse, rebuild, rebrand and redesign your stand in many creative ways.

Feel safe with a solution widely used by the most demanding customers and our international customer support.

HOW DOES **CLEVER FRAME**® WORK?

EASY TRANSPORTATION

The light Clever Frame® system can be transported easily to the event venue on a special transport trolley.

NO TOOLS

You can assemble the system - just like building blocks - fast and easy without any tools thanks to our special connectors.

GRAPHICS IN A FEW MOMENTS

Each of the magnetic graphic panels can be placed in a frame in a matter of seconds. You can exchange any of them whenever you want.

MANY FUNCTIONS

Shape changing is not everything that Clever Frame® offers. Thanks to a wide range of accessories you can use the system for many marketing tasks such as

creating event walls, info points, sales points or fair constructions. Replacing graphic panels, adding shelves, TVs or decorative elements will completely change

the use of your stand. One tool, dozens of functions - this is a very important aspect affecting the size of your savings.

EASY RECONFIGURATION

Just think how much you can save by using the same set multiple times. Moreover you can expand your Clever Frame® set whenever your

budget allows you to. Each time you can significantly broaden your marketing possibilities.

PROMOTIONAL STANDS

Mobile stands supplemented with accessories are perfect for promotion and ensure effective product exposition.

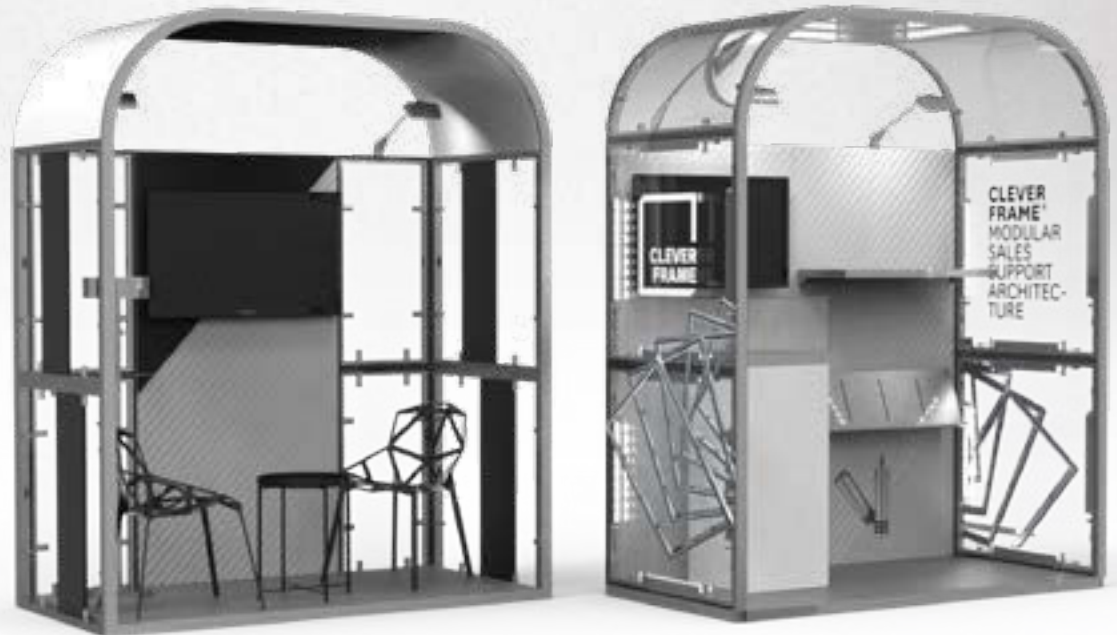

SHOP-IN-SHOP

“Finding a tasteful and durable solution was very important for us. We use Clever Frame® at many events. I can confirm that the system generates considerable savings allowing us to avoid the unnecessary costs of disposable stands.”

Mercedes-Benz

EVENT STANDS

“We highly recommend the Clever Frame® system as a professional solution which fulfills its function and allows to implement promotional tasks in an easy way. Certainly, the product meets expectations of companies in our industry’

Canon

CONFERENCE STANDS

“The modular Clever Frame® promotional system is an innovative and aesthetically pleasing way of arranging your promotional space. It is a perfect promotional solution that we can recommend.”

OLYMPUS
FOCUS ON LIFE

FAIR STANDS

Fair booths should be an excellent example of both professional construction and creative desing. At Clever Frame® we create exhibition projects tailored to your brand and provide comprehensive marketing consulting.

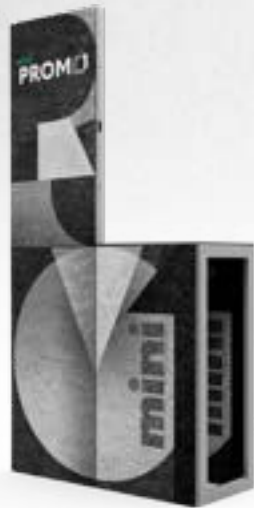

BARS AND EVENT COUNTERS

Modular, portable and very quick to assemble bar counters with wide range of accessories are an irreplaceable solution during events, tastings or promotional campaigns.

Promo1 is an innovative, modular exhibition system, which gives you more than 20 different configurations to strengthen your marketing message. Promo 1 product family consist of three variants, each o which has a different size and set of accessories included. You will receive a number of elements in the Promo 1 set which can be assembled like building blocks. All of them fit in a single box.

PYLONS

Pylons are an excellent business-card of the company and effectively support promotion of the product. They will perfectly work as displays or multimedia info points.

DECO FRAME

Designer system for decoration and division of sale spaces, e.g. fair stands or showrooms. Modern, three-dimensional form of the system gives a chance to create unique compositions.

A-FRAME

Frames with an irregular shape allow you to create original configurations. They provide optical lightness to the construction and are an interesting arrangement element. Can be used independently or as a supplement for the Clever Frame® system.

3D FRAME

3d Frame is a sales supporting modular system which is used for effective product display. It allows for flexible creation of sales and presentational space and thanks to its minimalistic design it fits easily in places with different aesthetic and purpose.

DISPLAY PLATFORMS

An exhibition system for creating interesting layouts, strings and advertising islands. Modular platforms are successfully used in commercial spaces, in promotional activities outside stationary sales points or during events.

X-CUBE SET

“5 in 1” compact exhibition system that stands out with its timeless form and multitasking modular character. Set of five mobile cubes allows creating a variety of constructions which can be easily adapted to every occasion and interior.
